

WARM THE HEART FREE FURNACE PROGRAM

MISSION STATEMENT

Warm The Heart is a not-for-profit organization that exists as a means to provide replacement furnaces or repair furnaces to needy families in Delaware, Maryland, Pennsylvania, and New Jersey that are not able to afford them on their own this winter. Warm The Heart is designed to deliver the necessary relief to less fortunate families that might otherwise ignore the potential life threatening issues of a faulty heating system, ease the pain of increasing utility bills and replace an existing furnace due to financial concerns.

Founded by the employees of Horizon Services in 2005, Warm The Heart has purchased and installed 128 new furnaces. The employees of Horizon Services are committed to this effort that provides for the basic needs of those less fortunate and the belief that helping our fellow man in a time of need is the right thing to do, both morally and business-wise.

All of us at Horizon Services are excited about this worthwhile opportunity and hope that through this we can make a substantial difference in our community.
